

CLAMP-ON STANDING SEAM MODELS

Custom Configurations

Configuration and size of your Sno Barricade Clamp-On Snow Guard System is based on the standing seam profile, historic weather patterns, slope of roof, width of panel, panel length and other considerations. Sno Gem representatives will work with you to design the most efficient system for your specific needs.

1" Bar Clamp-On Standard Model

Designed for regular profile standing seams.

DIMENSIONS

Height: 3 1/4"

Width: 4 1/2"

Depth: 1 1/2"

1" Bar Clamp-On Wide Body Model

Designed for broad profile standing seams.

DIMENSIONS

Height: 3 1/4"

Width: 4 1/2"

Depth: 2 1/8"

2" Bar Clamp-On Standard Model

Wider surface area increases snow stopping ability in heavy snow areas.

DIMENSIONS

Height: 4 3/4"

Width: 6 1/2"

Depth: 1 1/4"

2" Bar Clamp-On Wide Body Model

Designed for broad profile standing seams, while wider surface area increases snow stopping ability in heavy snow areas.

DIMENSIONS

Height: 4 3/4"

Width: 6 1/2"

Depth: 2 1/8"

DECK MOUNT BAR SYSTEM MODELS

Custom Configurations

Each Sno Barricade Deck Mount Bar System offers a wide variety of roofing system attachments that are mechanically fastened to the roof's deck, available in either a single, double, or triple bar support using either a 1" or 2" retention bar. All Deck Mount Bar System models are available in aluminum, stainless steel, copper or brass.

Deck Mount Bar System with Flat Base for Metal Roofs

Mechanically fastened flat base for corrugated surface metal roofing systems, available in a 1" or 2" retention bar, using either a single, double, or triple bar support.

* 1" Single Retention Bar Shown.

Deck Mount Bar System with Curved Base for Metal Roofs

Mechanically fastened custom curved base for corrugated metal roofing systems, available in a 1" or 2" retention bar, using either a single, double, or triple bar support.

* 2" Single Retention Bar Shown.

Deck Mount Bar System for Membrane Roofs

Mechanically fastened base plate for membrane roofing systems, available in a 1" or 2" retention bar, using either a single, double, or triple bar support.

* 2" Single Retention Bar Shown.

Slate, Tile, and Shingle Bar System Attachment

Base plate can be customized for slate, tile, and shingle roofing systems, available in a 1" or 2" retention bar, using either a single, double, or triple bar support.

* 1" Double Retention Bar Shown.

Spanish & Clay Tile Bar System Attachment

The curved base plate can be customized for all Spanish & clay tile roofing systems, available in 1" or 2" retention bar, using either a single, double, or triple bar support.

* 1" Triple Retention Bar Shown.

Each model of the Clamp-On Standing Seam and Deck Mount Bar Systems is available in any standard or custom pre-finished color. Optional Barricade Plate holds smaller amounts of ice and snow that could pass beneath the bar.
